## 3 STRAIGHT FOR CHAMPS

Took Third Game From St. Louis Easily.

## TANNEHILL GOOD STUFF

Pirates Again Lowered Colors of Leaders of National League, and the Tennessees Went Down Also Before Cubs.

Boston, June 10.—The Champions made it three straight with St. Louis yesterday, walking away with a 7 to 1 victory. Tannehill was in good form and held the Browns to six hits, only one of which counted, that a home run biff by Howell on the first ball pitched to him in the fifth inning. At other times they were not dangerous.

The Champions kept up their batting and landed on Howell for eight safe ones, which aided by some rank errors were the stuff which made the victory. The first doing was in the second when Stahl started it off by lacing the ball to right for a single. Grimesaw sacrificed him by a pretty bunt in front of the plate. Ferris popped out, but Criger tore off a safe one to left. Stahl legged it for home, and Criger started for second. Stone sent the ball in to Howell and the latter made a poor throw to catch Criger at second and the Boston catcher went all the way home. Tannehill walked and stole second. Selbach landed a fly squarely in Van Zant's hands and Van dropped it. Tannehill scored. That was all for that inning.

Van Zant was responsible again in the fourth. After Ferris had gone out on strikes Criger walked. Moran took care of Tannehill. Selbach walked. Parent singled and Criger crossed the plate. As Van Zant let the ball get by him, Parent scored also.

With two down in the sixth, Selbach bunted safe and Wallace fumbled Parent's hit, and on the misplay Selbach scored. On a single by Ferris, a stolen base and a single by Selbach Boston got one more in the eighth, making a perfect number.

The guarantee we give to refund the money to any one using Cal-cura Solvent without benefit, is something little to be heard of in the treatment of serious and dangerous kidney and bladder diseases. He is one of the heaviest batters on the team and is very popular with the college boys, being captain of this year's basket ball team. He is a member of the Phi Delta Theta fraternity.

This year's team has won 15 games out of 21 played, losing to Harvard, Yale, Tufts, Manhattan, Holy Cross and Brown. Among the games won were from University of Maine, Bowdoin, Holy Cross, Norwich, Lehigh, Syracuse, Tufts, Middlebury, Columbia and Andover.

## CALLA BIG HUMEUG.

Booker T. Washington Assailed by Birmingham Minister.

Birmingham, Ala., June 10.—In an address before the literary societies of the Alabama Technological Institute at Auburn, one of the leading state colleges, Wednesday night, Dr. J. W. Stagg, pastor of the First Presbyterian Church of Birmingham, in discussing the negro question, said:

"The conception of Booker T. Washington is the greatest piece of humbuggery that was ever presented to the minds of the American people. Booker Washington is the greatest exaggeration that speaks from the platform, and the greatest beggar that ever held out his hat to the American public."

Dr. Stagg declared that the negro was so inferior that no education would help him, and he advocated the deportation of the blacks to Africa, asserting that there was no future for the race in this country.

"The reason for this," he added, "is found in three facts: First, incoming aliens from Europe, whose tide has started southward, will press him out; second, the hatred of the poor white man for the negro; third, the negro's susceptibility to disease."

He asserted that in time disease will completely stop the growth of the negro race. As the negro never did anything voluntarily, Dr. Stagg said he should be forcibly returned to Africa.

## Glad Wilson Declined.

Percival W. Clement said to a reporter in regard to the Wilson case: "The trial of that case was set down for May 2, and when I left here, I had engaged return passage on the White Star steamer Celtic, sailing April 21 from Liverpool. But after I got to Europe I fell into the hands of my doctor, and he urged me to go to Karlsbad and it was while I was there that the matter came up. I tried to get the case continued, and offered Wilson's attorney to pay any expenses he might put to on account of adjournment up to \$200, but they would not consent to adjournment under any conditions; and, not wishing to take any chances for a continuance of the case, I felt that it was necessary to accept an offer of settlement that had been made to my attorneys last winter. I am very glad to know that my offer has been declined by Wilson. The case will be tried at the next term of court I suppose."

## LAW MUST TAKE ITS COURSE

Bell Holds Out No Further Hope.

## FOR MARY ROGERS

Was Obligated to Grant Second Reprieve by Law, but His Stand Remains as at First—Counsel Moloney Not Surprised.

Middlebury, Vt., June 10.—Governor Charles J. Bell was in Middlebury on business yesterday and when informed of the decision of Judge Peckham said: "My stand in the Rogers case is precisely the same today as when I first reprieved Mrs. Rogers. Under the law I was obliged to grant the second reprieve. Now that the writ of error has been denied, the law must take its course." The governor said this entirely covered his position in the matter.

## MAY ASK NEW REPRIEVE.

Attorney Butler Uncertain What May Be Done.

Albany, N. Y., June 10.—Mr. Butler had the following to say after the application for a writ of error was denied by Judge Peckham yesterday:

"Now that Judge Peckham has denied every application, there is no way provided by the Vermont law for a new trial so that we could get out newly discovered evidence before the jury. Our constitution creates the Legislature as the ultimate pardoning power. The Governor of Vermont has no right to pardon but only to reprieve. The decision of the Vermont supreme court refusing Mrs. Rogers a new trial prevents her from having a new trial by any court upon the new evidence."

"The decision of the supreme court, which is final, comes at a very inopportune time, as the Legislature does not meet until late in the year. If the Legislature were in session, it could grant a new trial."

"We will undoubtedly request the Governor to grant another reprieve, although he granted the last with the understanding that we would bring the case before the United States supreme court. Gov. Bell may not interfere, now that a United States supreme court judge has passed on the case, and unless he does, Mrs. Rogers will be hanged at Windsor, Vt., June 23, the date when the Governor's reprieve expires."

## OUT OF FEDERAL JURISDICTION.

Reasons of Judge Peckham for Refusing Writ.

In refusing the writ of error, Judge Peckham said: "It would be trifling with the administration of the federal courts to presume to grant a writ of error upon the allegations made. There is nothing to support a pretence of a federal question nor the allegations that the state constitution and the fourteenth amendment have been violated. The misfortune of your client is that she has become convicted in the state court."

## Mrs. Rogers Not Notified.

Woodstock, June 10.—Sheriff Henry H. Peck commented upon the announcement that the requested writ of error in the case of Mrs. Rogers had been denied by saying that the action was what he had looked for. He stated that he would not inform Mrs. Rogers of the court's decision, believing it best to postpone the notification until all possible legal steps to save her had been taken by her counsel.

## PATRICK LOSES FIGHT FOR LIFE

Lawyer Must Die For Murder of Millionaire Rice—Conviction Is Affirmed.

Albany, June 10.—Lawyer Albert T. Patrick, convicted of murder in the first degree in causing the death of William Marsh Rice, the aged millionaire, in New York on Sept. 23, 1900, will suffer the extreme penalty for his crime.

Yesterday the Court of Appeals handed down a decision sustaining the judgment of conviction. Rice's death was due to chloroform and mercury, administered to him during his last illness. Patrick's appeal was argued before the Court of Appeals on March 14 last by David B. Hill, who asked for a reversal, mainly on the ground that the condition of Rice's body after death, as revealed by the post mortem, might have been caused by the embalming fluid used by the undertaker.

## SHEA CALLED FROM CHICAGO.

Teamsters Suspect a Trick, and Pause in Peace Efforts.

Chicago, Ill., June 10.—Disappointed by a sudden turn in affairs that resulted in President Shea being subpoenaed to Wheaton, Ill., yesterday, leaders in the teamsters' strike paused in their work of striving to force definite peace moves. They feared some sort of trick in the unexpected demand upon the chief executive of the Brotherhood of Teamsters.

Mr. Shea had just reiterated his belief that a conference of strike leaders and employers might be brought about with excellent chances for a settlement if both himself and Levy Mayer, attorney for the employers, were not included in the conference. While still talking Mr. Shea was served with a legal paper demanding his presence in a court in the neighboring county in a Panhandle Railroad case. The leader of the teamsters accepted service and started at once for Wheaton.

This evening the team owners' association intends to meet to discuss fully every phase of the strike situation.
